4. Venue Description

The front door is heavy and there is a bell to request access. The front door is often left open except in bad weather. Then, there are 4 steps to get up to the space which has a small vintage shop at the front and a single gallery space in the back. Someone will be at the shop desk in the front if you need their attention or assistance 11-6pm every day.

The gallery is no longer wheelchair accessible due a recent health and safety review, but we are currently consulting architects to try and change access to the space to make it more inclusive - apologies and please bear with us while we try to make this happen.

5. Bookable Access Facilities + How To Apply (if applicable)

Most gallery activity is in the form of exhibitions, some Art Socials and some Group Crits. If you would like to request sign language support ahead of one of these events, please email output@thekazimier.co.uk to arrange.

6. Travel Guide

There is accessible parking on Seel St directly outside of the gallery and Kazimier Gardens, and the nearest public transport stops are on Hanover St with buses 80, 80A, 82, 75, 86, 86A, 86C.

7. Arrival Guide

The gallery is open 11-6pm every day during exhibitions, dates of which can be gathered from outputgallery.com. The front door is heavy and there is a bell to request assistance if necessary, and the staff member in the shop can assist.

8. Toilets

We share bathroom facilities with the Kazimier Gardens bar next door which has a wheelchair accessible toilet behind the bar - for use of the facilities, please ask at the bar for assistance because the ramp down is uneven and fairly steep. OUTPUT is open 11-6pm every day and 6-9pm for openings, but the Kazimier Gardens has varying opening times depending on the season and weather. Visitors who use wheelchairs will have to leave OUTPUT from the front door and go into the Kazimier Gardens to reach these.

9. Customers with Medical Requirements

We welcome attendees who need to bring with them any medicines, food, drink, medical equipment or anything to support a medical condition. If you have any questions or concerns, please contact us on output@thekazimier.co.uk and we will be happy to assist you.

10. Access to Performance

Performances are not regular at the gallery but if you see one coming up on our calendar on outputgallery.com please get in touch if you would like a description of the performance to come, and so that we can discuss any specific access needs ahead of time.

11. Assistance Dogs

All dogs are welcome.

12. Strobe Lighting

Some exhibitions may involve strobe lighting but if this is the case, the gallery will put a curtain up and a sign to warn of this.
